MOLDOVA FACTS

Moldova is 27 year old creation with 3,9 million souls. About 15000 tourist visit every year (3 years worth of tourist is like one derby between AIK n Bajen).

Chişinău (pronounced Kish-i-now) has a population 730000 was founded in 1420, levelled by great earthquake 1940 and rebuilt in 1950s in sexy Soviet style.

It has an Arc de Triomphe that you might run through built 1840 because the Russian was so happy kicking the Ottomans out.

Money is Leu, 100 leu is about 55 sek, so if you think everything is half price, you're about right. ATMs are all over Chişinău.
